

Internet E-Mail Wanted

If you want us to have your e-mail address, please fill out the following letter and turn it into the main office.

Dear Parent / Guardian,

The data is compelling, the connection is clear. The single most important predictor of your child's success in middle school is the level of the parents' knowledgeable support for the child. Aurora Hills has put forward a huge effort to make detailed information available. Your ability to support your child will be greatly enhanced by this information.

Through our student information software, Infinite Campus, your child's teacher can send you detailed information on assignments, grades received, missing work, etc. Aurora Hills will be sending home report cards each six weeks. For many families it would be very helpful to know in advance how your child is progressing.

All we require to make this happen is a current and secure email address!

There are three options for you to share an address with us:

1. Return this form with your email address printed or typed on the line indicated.
2. Call 303-326-2000, extension 25028 and give us your email address over the phone.
3. Go to our website and send an email message to Sue Kreutzer stating that this return address is the one you wish us to respond to.

If you have already provided us with your email address, we thank you. If your email address has recently changed, please use one of the above options to update it with us.

My email address is _____

Parent signature _____

Help us better serve our community by supporting our efforts to communicate in this state of the art, electronic manner.

Student Name _____ Grade _____
