

## New Teacher Induction Course

Dear New Teacher:

If you hold a Colorado initial teaching license, you are required to complete a state-approved induction program. In APS, this induction program has four components:

- (1) New Teacher Conference, July 27-29, 2009
- (2) New Teacher Induction Course, monthly, except March and May
- (3) 15 hours of collaborative work with an assigned mentor documented on a mentoring log, [www.aps.k12.co.us/instruct/pl/new](http://www.aps.k12.co.us/instruct/pl/new)
- (4) Demonstrated proficiency on the Colorado Performance-Based Teaching Standards documented on the standards checklist, <http://www.aps.k12.co.us/instruct/pl/mentors.html#forms>.

There are eight different topics in the New Teacher Induction course. Each topic is offered several times. For some topics, attendees will be ECE, K-12. For other topics, please select an elementary session or a secondary session according to your teaching assignment. The table below lists the dates for each topic.
